# Service ~ Our Watchword!

AMERICAN HOMES BEAUTIFUL is submitted to our friends and patrons to fulfill the obligation we owe our community.

It is our duty to furnish better made, well planned and attractive homes which create pleasant surroundings, give an atmosphere of prosperity and thus improve and benefit the neighborhood.

This book offers for your consideration, types of homes that will be acceptable in appearance, meet your requirements and prove to be splendid investments.

We have always felt that the best security for our community is properly constructed, substantial and attractive dwellings.

Every design in this book is a reproduction of an actual home in which a family resides in practical comfort and each home is selected because of its economy and beauty.

We offer our experience and advice to those who consider building a home. Very often a person is greatly handicapped by not being able to procure the exact home he wants and because of not fully understanding the problems, commonly met with, may become involved in serious difficulties. We will aid you to avoid such difficulties, and, to the best of our ability, assist you in your building operations, thus securing a desirable home for your family.

Again we say "SERVICE IS OUR WATCHWORD."
